## **SPECIAL BULLETIN FOR ALL WCARS MEMBERS**

If you were not at the September 2<sup>nd</sup> meeting, you missed a good one.  
If you were not there, you did not hear about the activities in the next few weeks, so here they are...

### **The “MOE” van will be disposed of before the end of this month.**

On **SATURDAY, SEPTEMBER 11, AT 10-AM**, a work crew will assemble at the Red Cross building off Merrimon Avenue to remove any useable items from the van. This will include all antennas and the crank up tower, as well as any other items that might be used in putting together a suitable replacement –vehicle or trailer- in the foreseeable future.

Several members volunteered to help with this project, but it will be a tough day. You are invited to come and join in to complete this project. We need to get this done so WCARS can move on.

### **Buncombe County Amateur Radio Emergency Service (BCARES) Meeting.**

Dick Burns, K8SKX, our Emergency Coordinator for Buncombe County will conduct the next meeting on **Thursday, September 16 at 7-PM** at the Red Cross building off Merrimon Avenue.

This will be an important meeting for planning the future of BCARES. If you are not currently a part of ARES, come and join us and find out how YOU can help.

Remember that anything for Smoketest should be sent to me (Carl Smith, N4AA) by email at <n4aa@dpub.com> or call me on the phone at 828-683-4251.

**The next WCARS meeting will be OCTOBER 7<sup>th</sup>,**  
so I need Smoketest material no later than September 28<sup>th</sup>.

The program for the October meeting will be the presentation by Dean Blair on his visit to the Aircraft Carrier Eisenhower.
